Education

Jaypee University of Information Technology

Bachelor of Technology in Computer Science(with specialization in AI and Data Science)

Jul 2024 – Jun 2028

Solan, Himachal Pradesh

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- OOSP
- Software Methodology
- Database Management
- Computer Networks
- Computer Architecture

Experience

Zuraa

Founder & CEO

May 2026 – Present

Remote

- Founded and leading Zuraa, overseeing product development, business strategy, and team operations.
- Managing cross-functional teams including web development, design, marketing, and HR.
- Driving product vision, feature planning, and execution of digital solutions.
- Leading recruitment, partnerships, and organizational growth initiatives.

Astrenox Technologies

Software Development Engineer (SDE) Intern

Jun 2026 – Present

Remote

- Developing and deploying product websites for Astrenox and AI-based platforms with responsive, user-centric interfaces.
- Implemented reusable frontend components and optimized website performance for improved user experience.
- Collaborated on AI-powered business automation prototypes and workflow solutions.
- Performed testing, debugging, SEO optimization, and deployment using modern web development practices.

KFCL (Kisan Fertilizer Company Limited)

3D Design Intern

Jun 2025 – Aug 2025

Himachal Pradesh, India

- Designed and developed 3D models for an Intelligent Farming Drone project using Fusion 360.
- Created detailed assemblies, components, and mechanical designs for drone-related systems.
- Produced animations and visual demonstrations to showcase product functionality and design concepts.
- Collaborated with the project team to refine designs and support autonomous agriculture solutions.

Projects

Astrenox Corporate Website | Next.js, React.js, Tailwind CSS [Live Demo]

2026

- Designed and developed a responsive corporate website for Astrenox, an AI consulting and implementation company.
- Implemented modern UI/UX components, responsive layouts, and scalable frontend architecture.
- Optimized website performance, accessibility, and cross-device compatibility.
- Deployed the production-ready website on Vercel and collaborated on business-focused landing page design.

Telehealth & E-Prescription Platform | Next.js, React.js, Tailwind CSS [Live Demo]

2026

- Developed a healthcare web platform supporting telemedicine and digital prescription workflows.
- Built responsive user interfaces for healthcare professionals and patients.
- Implemented modern frontend components with a focus on usability and accessibility.
- Designed and deployed the application using modern web development practices.

AI Virtual Painter | Python, OpenCV, MediaPipe [GitHub]

2025

- Developed a computer vision application that enables users to draw virtually using hand gestures.
- Implemented real-time hand tracking and gesture recognition using MediaPipe and OpenCV.
- Designed a virtual canvas with color selection and brush controls for interactive drawing.
- Optimized processing for smooth real-time performance and enhanced user experience.

Weather Forecast Application | Python, Streamlit, Weather API [Live Demo]

2025

- Built an interactive weather dashboard displaying real-time weather information and forecasts.
- Integrated external weather APIs to fetch temperature, humidity, and forecast data.
- Designed a user-friendly interface using Streamlit for seamless weather monitoring.
- Implemented error handling and dynamic data visualization components.

Technical Skills

Languages: Python, Java, C, JavaScript, HTML/CSS, SQL
Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Streamlit, OpenCV, MediaPipe
Developer Tools: Git, GitHub, VS Code, Android Studio, Fusion 360, Eclipse, Vercel
Cloud & Platforms: Google Cloud Platform (GCP), Linux, Hostinger

Leadership Experience

- Zuraa**
Founder & CEO

May 2026 – Present
Remote

 - * Founded and currently leading Zuraa, overseeing product strategy, operations, and organizational growth.
 - * Built and managed cross-functional teams across development, design, marketing, and HR.
 - * Led recruitment, project execution, and strategic decision-making for company initiatives.
 - * Coordinated product development and business expansion activities while ensuring effective team collaboration.
- Smart India Hackathon (SIH)**
Leader

2025
India

 - * Contributed to the development of a Tourist Safety Application featuring emergency response and location-based safety features.
 - * Collaborated with team members on problem-solving, system design, and application development.
- Rotaract Club of Waknaghat**
Literary Services Director

2026 – Present
Waknaghat

 - * Planned and coordinated literary and educational activities.
 - * Managed content creation, event documentation, and public engagement.
 - * Collaborated with club leadership to organize community events.
